### Say **No** to Infanticide

God created life. He created the heavens and the earth, light, bodies of water, and dry land. He made all the seasons, times, the stars and planets. He had the waters swarm with creatures, animals roaming the land, and birds fly over the earth. Last of all he created man, It says in Genesis 1:27, "So God created man in his own image in the image of God he created him; male and female he created them." He then blessed both male and female.

When people commit infanticide they are also committing murder. Infanticide is the taking the life of a child under the age of 2. Usually this is not done on purpose. Sometimes, people shake their babies to get them to stop crying. The baby usually gets shaken baby syndrome, which then kills them. Babies go from "Invisible to indispensable" for adults after having kids.

Whould anyone actually argue for infanticide? Margaret Sanger was an American Birth control activist, Sex educator, nurse, and writer. The books she wrote were mostly about her opinions on birth control. She strongly thought that we should all have a "normal" sized family, which contains only 1 or 2 children, she didn't think that there should be a family of 7 or 8 (so my family of 10 was too big for her preference). She started and founded the American Birth Control League, better known as Planned Parenthood,

which helped women abort and kill their unwanted/undesirable. She thought that she was helping women support their bodies. Some might say that the reason she doesn't like big families is because of her family. She was 6th out of 13 kids, and grew up in poverty. She didn't like it and thought that there should be less kids, so they weren't poor and had more attention.

If you are for Infanticide you are against God. Infanticide is the killing of a baby under the age of 2. God made each one of us different each to his own perfection. According to 1 Corinthians 12:22, "On the contrary the parts of the body that seem to be weaker are indispensable." "You shall not murder." This is what the 5th commandment states about murder. They are murdering when they commit infanticide. Therefore they are sinning. This leads us to the point where we realize that if anybody is for infanticide, they are against God.
